About

Your Trusted Partner from Sourcing to Delivery.

We are a leading **Garments Manufacturer and Exporter from Bangladesh**, established in **2023**, with a strong commitment to delivering quality products and reliable service to our global customers.

Our comprehensive capabilities cover **Sourcing, Merchandising, Quality Control, Production Management, and Garment Execution**, allowing us to manage the entire process from product development to final delivery. We work closely with our customers to understand their requirements, maintain strict quality standards, and ensure that every order is completed according to specification and delivered **on time, every time**.

With our own manufacturing facilities and a dedicated production network, we offer extensive expertise across multiple garment categories, including **Knitwear, Woven Garments, Sweaters, and Lingerie**. Our integrated approach enables us to provide consistent quality, competitive solutions, efficient production, and dependable delivery for international buyers.

Our commitment is simple: Quality Fabrics. Better Garments. Stronger Partnerships.

Philosophy

DESIGN · PRICE · TRUST

We aim to stay a step ahead of the competition on both design and pricing, backed by our in-house Design Studio and a team of experienced merchandisers who specialize in product costing. Our collection proposals allow customers to purchase quickly and often, cutting down lead times significantly. Trust is something we work hard to earn and keep with every client.

Our focus is on sustainable products and sourcing solutions across a range of categories — apparel, fashion accessories, footwear, home textiles, decorative items, and other goods for the fashion and hospitality sectors.

Before presenting any collection, proposals or discussing our manufacturing capabilities, we invest time in genuinely understanding each customer — their brand identity and business goals.

We remain committed to strengthening our role as a leader in sustainable supply chain management, ensuring our customers see real, measurable value from working with us.

Why chose us

These are the core strengths that allow us to partner with fashion companies globally:

1. Highly competitive pricing on both products and services.

2. Agile, adaptable business models built to handle short lead times, thin margins, and flexible order volumes.

3. An established sourcing and manufacturing footprint in key low-cost and duty-free regions around the world.

Services

THE FOUNDATION OF ANY COLLECTION

RESEARCH
At CROWN APPAREL SOURCING, we believe Research and Development forms the backbone of every successful collection. Our R&D teams are based across multiple locations worldwide, dedicated to sourcing and developing the latest fabrics, finishes, and washes ahead of market trends. By working closely with our extensive mill network, the team ensures customers receive quality products at their desired price point.

DEVELOPMENT
Our Technical Support Teams oversee the creation and development of samples in line with each customer's specifications, while ensuring full compliance with applicable legal standards — resulting in products that are high-quality, durable, and sustainably made.

DESIGN STUDIO
Our designers travel the globe in search of fresh inspiration and innovative ideas, bringing new design concepts to life based on our customers' needs. We work alongside our customers' in-house design teams to add value and elevate their products, all while staying true to their brand identity.
What makes our Design Studio stand out is the combination of a skilled technical team, advanced design technology, a broad network of sourcing partners, and deep industry expertise paired with a strong understanding of each customer's unique identity and expectations. Our ultimate goal is to deliver winning designs that consistently meet customer expectations in both quality and price.

SOURCING
Our regional presence across Asia allows us to effectively oversee our manufacturing operations. We're equipped to produce premium-quality goods at any volume, tailored to meet each customer's specific quality and price requirements.

PRODUCTION CONTROL
Skilled technical experts stationed on-site monitor and manage quality throughout our factories. Their expertise allows them to engage customers in meaningful discussions around technical improvements and opportunities to boost efficiency. All required material testing is carried out on schedule through trusted, reputable testing institutes.

QUALITY
Our experienced, on-site Quality Control teams give partners the transparency and oversight needed to assess the quality of every order. We leave no detail unchecked, ensuring customers receive the best possible quality at the right price.

OPERATIONS EXCELLENCE
Operational excellence is a key driver of value and a source of lasting competitive advantage. Given the global scale of the textile industry, strong professional support across Finance, Logistics, Compliance, Human Resources, and Information Technology is essential.
At CROWN APPAREL SOURCING, these teams work hand-in-hand with their counterparts to keep operations running smoothly and efficiently across the entire supply chain.

OBJECTIVES AND PRACTICES

POSITIVE IMPACT

We see ourselves as an extension of our customers — their arm, ear, and eye. Every business objective and practice we pursue is guided by our commitment to creating a positive impact on your global supply chain, the environment, and you.

SUSTAINABILITY

REUSE, RECYCLE, REBORN

At CROWN APPAREL SOURCING, we're passionate about harnessing technology to build more sustainable fabrics. We invest in solutions, partnerships, and suppliers focused on creating new products from materials that can be reused, recycled, and given new life. Together, we can help your company reach its sustainability goals while protecting our planet.

CROWN APPAREL SOURCING is dedicated to ethical, compliant, and sustainable sourcing across every part of our operations and supply chain. Our Corporate Social Responsibility (CSR) program serves as the driving force behind this commitment — through rigorous supplier certifications, coaching and mentoring, proprietary audits, and unannounced monitoring. Every manufacturer we work with is required to meet and maintain both CROWN APPAREL SOURCING's corporate certifications and those set by individual buyers, customers, or other internationally accredited organizations.

Quality Assurance Service

At CROWN APPAREL SOURCING, we work to ensure the products delivered to our buyers meet safety, regulatory, quality, and performance standards at every stage of the production process.

Quality is our top priority — we're driven by a pursuit of excellence in everything we offer, both in our products and our services.

This commitment carries through to fulfilling our customers' satisfaction. We bring these values to life through close attention to detail and an ongoing drive toward perfection. Quality and exceptional service are the defining strengths of CROWN APPAREL SOURCING.

“Our finished products meet even the most rigorous standards.”

Customers across the globe consistently recognize this, and it's what keeps the company focused and committed.

Quality sits at the very core of CROWN APPAREL SOURCING's approach to quality assurance — it's a responsibility shared by everyone in the company.

As we often say, this mindset extends both within the company and out "on the road."

Improving quality is an ongoing effort. Every person at CROWN APPAREL SOURCING, regardless of role, is committed to being part of a team that continuously drives improvement and upholds the quality of what we deliver to our customers.

Kids Wear

Ensuring consistent product availability is one of the biggest challenges we take on. From raw material sourcing to stock management and logistics, the supply chain brings daily complexity. Our broad range of solutions and skilled team make sure products are ready when you need them. Every product reflects our core belief: delivering value and guaranteeing quality.

Lingerie

As the market grows more competitive by the day, we evolve right along with it. Staying ahead means continuously improving and innovating faster than market shifts demand. Our production network is constantly refined to meet real-time needs for quality, pricing, and speed of delivery.
